[Introduction to the Relationship \(Synastry\) Profile](#)

This profile has been written to introduce you to the concepts of astrology and how to get started in relationship astrology. Astrology is a complex and meaningful science which takes years to study and apply successfully; however, we would like to whet your appetite with this profile and encourage you to deepen your understanding through other means.

Astrology is a study of the connection between planets and life on Earth. It is based on a concept that energy patterns form between other planets and Earth and that these energies affect our lives as individuals and communities.

An astrological chart, also known as a horoscope, natal chart, or birth chart, records the relationship between the planets and the signs of the Zodiac. Charts can be calculated for the birth of a person, a community, an event or anything that seems momentous. The horoscope is as individual and unique as a fingerprint.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection your chart, as it is likely that you do experience conflicting desires, events and circumstances in your life. Usually, it is the responsibility of an astrologer to synthesise these apparent contradictions to present a cohesive and realistic interpretation of the dilemmas of the chart.

Please also know each person has positive and negative influences in the chart, and therefore in their lives. The challenge is to accept and overcome the negative influences, so that we can successfully focus on the positive traits. This profile outlines the influence of both people's charts on each other. This is called relationship synastry meaning the comparison of two horoscopes and the correlations discovered. It is likely that the profile will show both the strengths and weaknesses of the relationship synastry. Any advice given is meant to be an aid to a person taking responsibility for their own lives and their own choices within a relationship. The ultimate decision rests with each individual. The author and publisher accept no liability for any adverse effects of this profile.

Aspects from Harry, Prince Of Wales to Meghan-Markle Duchess Of Sussex

Harry's Moon Opposition Meghan-Markle's Uranus Orb 4°42' Applying

The saying 'expect the unexpected' could be applied to this combination of Harry's and Meghan-Markle's planets. There is an element of excitement and adventure when Harry, and Meghan-Markle get together, but there is also an element of insecurity. Both Harry, and Meghan-Markle enjoy the thrill of being in each other's company exploring new territories together, but many relationships start with the thrill and ardour of romance only to have it fade later. This is the problem to be faced by Harry, and Meghan-Markle. Unless they have other connections between more permanent or personal planets in their charts, Harry, and Meghan-Markle are in danger of a growing discontent. There is a lack of stability that feeds both Harry's and Meghan-Markle's insecurities. Harry becomes needy and Meghan-Markle becomes distant and emotionally withdrawn. The problem is that Harry, feels that he cannot rely on Meghan-Markle. What was once an adventure no longer seems so exciting. As a result, Meghan-Markle's impulsive nature becomes a source of discomfort for Harry.

On the other hand, Meghan-Markle thinks that her creativity is being stifled by Harry's emotional needs. This belief may cause Meghan-Markle to rebel, finding it difficult to commit to Harry.

This relationship, if a personal one, is likely to require a lot of freedom and an unorthodox approach for it to last. While this is a difficult combination for a personal union, it can be a positive one for less personal relationships such as friendships or a working project which requires creative and innovative ideas.

Harry's Moon Quincunx Meghan-Markle's Neptune

Orb 0°58' Applying

Romance is a major theme in a union that involves the Moon and the planet Neptune. With this combination of planets Harry, and Meghan-Markle both feel that they are meant to be together. Perhaps they believe that it is a union of their souls. This is the height of romantic love. However, with romantic love there is always the possibility of disillusionment. Harry, and Meghan-Markle are likely to stumble across obstacles in this relationship because of unrealistic and overly idealistic expectations of each other. It is difficult for them to maintain the heights of love first attained at the beginning of the relationship.

Misunderstandings can easily arise. After the first flush of love Harry, feels that his emotional needs are being ignored, that Meghan-Markle does not understand him. It is even possible that Harry, feels that Meghan-Markle is being deceptive in some manner. There is a danger that Meghan-Markle does feel the need to hide behind a facade, failing to be her true self. Perhaps Meghan-Markle feels that she cannot live up to Harry's expectations. Despair within this relationship needs to be avoided by both Harry, and Meghan-Markle facing their feelings of loss in previous relationships. They need to face the problems honestly to avoid the breakdown of trust and ultimately the relationship. As a result, Harry, and Meghan-Markle may be able to recapture their sense of belonging together which was so strong in the initial stages of their union.

Harry's Moon Quincunx Meghan-Markle's Pluto

Orb 0°30' Applying

This is an intense and powerful relationship. Harry, and Meghan-Markle feel a strong attraction to each other, one that seems to unconsciously draw them together. Harry's and Meghan-Markle's deep feelings for each other need to be nurtured in a loving manner for the union to be long lasting. However, this can be quite difficult for Harry, and Meghan-Markle to achieve. It's not that they don't love each other, because they do care very deeply. The problem is that at times their intense emotions seem to erupt from nowhere. In fact, the feelings have been simmering under the surface ready to be expressed at any moment. The pressure builds up quickly between Harry, and Meghan-Markle and before they know it they are embroiled in an emotional drama. Of course this can vary, depending on how Harry, and Meghan-Markle handle intense feelings. Some individuals thrive on intensity, while others feel threatened and powerless.

Harry is likely to feel that his life has been transformed in some way by Meghan-Markle. It's possible that Meghan-Markle has changed the way that Harry, feels about the world, making him conscious of things that have been bubbling under the surface for a long time. Life is not the same for Harry, once he encounters Meghan-Markle. He may feel powerless, overwhelmed by Meghan-Markle's volatile nature. The key is for Harry, is able to see through the explosive behaviour to the true heart of Meghan-Markle and to nurture Meghan-Markle's goodness. As a result Meghan-Markle will deeply appreciate the emotional support offered by Harry, If this does not occur then it is likely that Meghan-Markle will feel angry about the constant demands being placed on her by Harry. Meghan-Markle will start to withdraw and become isolated, only initiating contact in the relationship when she feels at boiling point. The challenge for Meghan-Markle is to maintain a loving attitude and to give Harry, time to learn his emotional lessons. This is indeed a passionate personal union and one that needs to be loving, otherwise there is a danger of abuse. This combination can also signify a secret love affair in which intense feelings are indeed in the background. It can also depict an intense working relationship in which power struggles abound, but it is more likely to point to a personal union.

Harry's Mars Square Meghan-Markle's Venus

Orb 3°48' Separating

This is a strong combination for a love union because it creates an intense sexual attraction. While this combination is often found between marriage or sexual partners, it can also be encountered in friendships or work associations which involve working on an artistic project. However, it is important that both individuals remain focused on the creative project at hand because a sexual flirtation could easily get out of control.

Depending on other aspects of their personalities they may or may not have the stability and endurance to create something concrete.

Harry is likely to be the leader, the person with the drive which enables them to achieve these dreams. Meghan-Markle is the creative ideas person who inspires Harry, If Harry, and Meghan-Markle fail to share a common dream, then this relationship is likely to lack direction and Harry, and Meghan-Markle slowly drift apart. They have difficulty maintaining a momentum necessary for a long-term bond. For this reason, this combination of planets may indicate a relationship based on a shared project or past time rather than an intimate lovers' bond. For instance, Harry, and Meghan-Markle may share a friendship, enjoying martial arts as a shared activity.

Harry's Jupiter Square Meghan-Markle's Moon Orb 1°20' Applying

This is one of the underlying problems of this association. Meghan-Markle and Harry, need to make sure that they do not become too grandiose in their dreams. Overinflated ideas of their capabilities are not helpful and can lead both Meghan-Markle and Harry, into troubled waters.

Another complication can arise if Meghan-Markle and Harry, do not share the same values, because morals and beliefs play an important role in this relationship. Harry's Jupiter Opposition Meghan-Markle's Mars

Orb 7°53' Applying

Problems arise at the start of any joint project because Meghan-Markle and Harry, fail to agree on common goals. Once they have managed to agree on the goals, then they both have their own ideas about what is the best process of achieving those goals. They often seem to be heading in opposite directions. In fact, they put their own independent desires first, rather than considering what is best for the bigger picture. Meghan-Markle tends to force Harry, to do things her way. At times Meghan-Markle can be quite aggressive in her communication. Harry believes that he knows best. The result is tension and arguments. The challenge is for both Meghan-Markle and Harry, to learn to co-operate, each using their own talents while respecting the skills of the other person.

Harry's Jupiter Square Meghan-Markle's Jupiter

Orb 3°06' Applying

This association can bring joy to both Harry, and Meghan-Markle, depending on the nature of other aspects of their relationship. If other aspects are positive then Harry, and Meghan-Markle are likely to enjoy each other's company, giving and taking. Although they may hold opposite beliefs or find pleasure in different ways, they are tolerant of each other's differences. In fact, they enjoy the stimulation of each other's differences. Ancient astrologers consider the planet Jupiter to be of beneficial effect in each person's life. Hence the mostly positive influence of this combination on Harry, and Meghan-Markle's relationship. There is a chance that other tensions in their union adversely affect this beneficial influence. If this is the case then Harry, and Meghan-Markle are more likely to have differences of opinion over values, beliefs and pastimes. These differences can be a source of tension rather than a source of joy.

Harry's Jupiter Square Meghan-Markle's Saturn

Orb 2°17' Applying

A strong bond is formed because of this combination of the planets Jupiter and Saturn, but not necessarily an easy one. Harry, and Meghan-Markle have difficulty find the right balance between boldness and caution. On the one hand Harry, is the risk-taker in this relationship, the person wanting to explore new territories and activities. He is excited by the many possibilities available because of this partnership's resources and feels constrained by Meghan-Markle. This is because Meghan-Markle errs on the side of discretion.

She believes that a slow but sure approach is a sure sign of success. Meghan-Markle believes in the edict "moderation in all things", whereas Harry, espouses the adage "nothing ventured, nothing gained". Neither Harry, nor Meghan-Markle listen to each other. Both have trouble seeing things from the other person's point of view. This is true of friendships, marriage and work associations. It is possible that Harry, and Meghan-Markle have met to learn something from each other to become stronger and wiser for future relationships.

Harry's Saturn Square Meghan-Markle's Sun Orb 0°50' Separating

Many astrologers believe that a connection between the serious planet Saturn and a personal planet such as the Sun is important, providing the cement for a long-lasting relationship. In other words, a serious planet is needed for a serious, meaningful union such as marriage. It is certainly true that the combination of the Sun and Saturn is found in many meaningful relationships. However, the planet Saturn can also cause problems.

Certainly, this combination indicates that Meghan-Markle and Harry, both view this as a serious association, whether it is a marriage, friendship or a working partnership. Both Meghan-Markle and Harry, are committed to their association. It is likely that they experienced a strong attraction in the initial stages of their relationship. When Meghan-Markle and Harry, first met they each knew they had discovered a potential serious relationship, one to which they could commit and build on over a lifetime. If they believe in reincarnation, then it is likely that they felt a karmic attraction when they first met. Perhaps this was a moment of recognition when they first looked into the other person's eyes. However, the very qualities, which they seriously considered as attractive in the initial stages of the relationship, can become the source of friction if they are not careful.

Harry needs to be wary of becoming too critical and judgmental. Initially Harry, found Meghan-Markle's personality traits to be worthy of a committed union. He admired Meghan-Markle's qualities as complementing his own. However, it is easy for Harry, to forget this attraction. As the relationship develops, he feels threatened by the force of Meghan-Markle's personality and takes a superior attitude in defence. As a result, Meghan-Markle feels threatened, disliking the authoritarian side of Harry. If Meghan-Markle is not careful her self-confidence is whittled away and the relationship becomes onerous. It is vital that both Meghan-Markle and Harry, work at developing a stable basis for communication and understanding in this relationship.

If both Meghan-Markle and Harry, work at maintaining their own self-confidence as well as mutual respect then they have the makings for a very successful marriage or working relationship. Much of their success may depend on other supportive, positive connections between them.
